

# Under a Blanket of Blue

Gene Ammons

Under a blanket of blue, just you and I beneath the stars  
Wrapped in the arms of sweet romance, the night is ours  
Under a blanket of blue, let me be thrilled by all your charms  
Darling, I know my heart will dance within your arms

A summer night's magic enthralling me so  
The night would be tragic if you weren't here to share it, my dear  
Covered with heaven above, let's dream a dream of love for two  
Wrapped in the arms of sweet romance  
Under a blanket of blue

A summer night's magic enthralling me so  
The night would be tragic if you weren't here to share it, my dear  
Covered with heaven above, let's dream a dream of love for two  
Wrapped in the arms of sweet romance  
Under a blanket of blue
