

# Far Away

## The Whiskey Boys

Something keeps on pulling me down  
And I feel like I'm losing ground  
Trying just to find my reasons  
And losing sense of what is real  
Willing to believe in something  
Forgetting to believe in me  
Will I find my place in your mind  
Or will I fall away in time?  
Now I'm feeling so far away  
And now I'm hating you every day  
Waiting just to see the image  
You follow down my road again  
Trying just to find your purpose  
You're fading faster every day  
Willing to believe in something  
Forgetting to believe in me  
Will I find my place in your mind  
Or will I fall away in time?  
Now I'm feeling so far away  
And now I'm hating you every day  
Now I feel I'm losing time  
Yesterday slipped away when you didn't know  
Time and time again you wanted more than I had to give  
To leave me with nothing, I'm waiting and dreaming  
Yesterday slipped away when you didn't know  
And no more waiting, let me back  
Now I'm feeling so far away  
And now I'm hating you every day  
Now I'm feeling so far away  
And now I'm hating you every day  
(Now I'm feeling)  
So far away  
So far away  
So far away
