

Little Star

[Stina Nordenstam](#)

Little star, so you had to go
You must have wanted him to know
You must have wanted the world to know
Poor little thing and now they know Little star, I had to close my eyes
There was a fire at the warehouse
They're always waiting for a thing like this
Came travelin' from over town for you, little star Little star, so you had to go
You must have wanted him to know
You must have wanted the world to know
Poor little thing and now they know Laudamus, Adoramus Te, Domine
Laudamus, Benedicimus Domine Deus
Laudamus, Benedicimus Domine Deus
Cum Sancto Spiritu in gloria Dei Patris For you, little star
