Go That Road

Iration

A fork in the road
No plan of action
Stuck in the middle and I've got no traction
Got no job but I'm educated
The travelled path's so overratedMaybe I don't wanna go that route
And I don't care what you're talking about
Maybe I just want to go my own wayI don't wanna go that road
Breaking myself just to get a little closer
I don't wanna go that road
Breaking myself just to get a little closerShade from a tree and the ocean breeze
Not a care in my mind I'm exactly where I want to be
You tell me I'm lost and you tell me I'm wasted
I'll tell you dreams are the only thing in life worth chasing
I never listen to the ones that say 'you'll never find means to an end that way'
The path twists and turns and breaks but the heart of the matter is you and maybe...
It might lead you to a cold dark place
Oh winds and the skies might rage
But as long as I'm living I know that I will always say...
