

# Play It Out

## DMA'S

There I was back on side  
With the world that keeps on turning  
And the world keeps on turning[Chorus] x2  
You've got to play it out  
You've got to play it out  
I'm stuck inside of you  
You're stuck inside of me[Verse 2]  
Sailing back on me  
I never sussed you out  
You never shut me downSailing back on me  
I never shut you out  
You never shot me down[Chorus 2]  
And when the sun come out  
And the sun come down  
I'm stuck inside of you  
You're stuck inside of me
