Lightless

36 Crazyfists

i look for answers to pave the truth
loss fills like storm clouds underneath the moon
don't plan to live forever but i wanted her to. burning hole where my heart was
out in the distance the voices die. hollow walls and empty eyes
love alive where love never dies. blacken the water it's harder to cry
i welcome damage and embrace scars. grew up lightless the land of the dark
thought i'd live forever, so many things to do. broken under the armor
nothing kills its lightless
nothing kills this darkness, its lightless
