

# The Reason

## Gentleman

2010 - people and we still around  
open up another chapter  
2010 - people and we still around  
open up another chapter rain moon sun passes by  
grey blue sometimes the sky  
mother earth in pain oh how she cry  
behavior like there ain't no tomorrow  
from nature take a page and follow  
before the road get narrow  
straighten up yourself and fly straight just like an arrow  
it's we who change and not the time  
it seems like we searching for things that we'll never find don't you know there is a reason why we oh yah  
ah, ah, ah, ah, ah, ah, ah, ah, ah  
livity and liberty on every corner  
ah, ah, ah, ah, ah, ah, ah, ah, ah  
don't you know there is a reason why we oh yah  
ah, ah, ah, ah, ah, ah, ah, ah, ah  
livity and liberty on every corner  
ah, ah, ah, ah, ah, ah, ah, ah, ah it's not a proper thing  
the way you mix up in a lot of tings  
tired fi hear your tongue flattering  
guns dem chattering  
and your bombs still battering  
man hafi wonder what's the mattering  
send dem soldiers home  
too many fatherless children out there on their own  
this a no stick and no stone  
finger pon the button got we living in a danger zone  
sick and mi tired of your war thing  
politics is like duppy it's permanent haunting  
tell dem seh mi nuh stop chanting - chanting  
no, no, no  
don't you know there is a reason why we oh yah  
ah, ah, ah, ah, ah, ah, ah, ah, ah  
livity and liberty on every corner  
ah, ah, ah, ah, ah, ah, ah, ah, ah don't you know there is a reason why we oh yah  
ah, ah, ah, ah, ah, ah, ah, ah, ah  
livity and liberty on every corner  
ah, ah, ah, ah, ah, ah, ah, ah, ah
