

Heartbreaker (E.V.A.C. Remix)

Michael Jackson

Deceitful eyes, she's got those come get me thighs
she only knows how low that she can go
She speaks the lines that can control my mind
Wherever she goes I know my eyes follow
She blew a kiss, I swear that it was meant
only for me, then spoke with her body
her only goal is just to take control
And I can't believe that I can't tell her no That girl I can't take her
should have known she was a heartbreaker
that girl I can't take her
should have seen right through her she's a heartbreaker
That girl I can't take her
should have seen it coming heartbreaker
that girl I can't take her
should have seen right through her she's a heartbreaker
She plays a game with such an innocent face
I didn't know heartbreaking was her case
Her actions confess and put me through the test
I was surprised that I was caught inside
Now she's thinking that I will never know
ans she'll keep playing until I let her go
But I hope in time that she will finally realize
I'm onto her game and she'll get played the same That girl I can't take her
should have known she was a heartbreaker (all the lie thing)
that girl I can't take her (that girl)
should have seen right through her she's a heartbreaker (don't you do it to me)
That girl I can't take her (hoo, doggon)
should have seen it coming heartbreaker (should have seen it commin all the lie thing)
that girl I can't take her (hoo)
see right through her she's a heartbreaker (doggon, hoo)
I never thought that I would stop dreamin' about you, Stop being without you
But everyone told me so, to stop caring about you, and start being without you
but I'll find a way to go and start doin' without you, and stop talkin' about you
and what will she say?
She will say I was the man that got away Rap
