

Pepperpots, Pt. 2

Monty Python

Yeah, on

I need a, I want a I need a girl to ride, ride, ride

I need a girl to be my wife

I need a girl who's mine all mine

I need a girl in my life Yo, I'm internationally known on the microphone

I got it all, but I really need a wife at home

I don't really like the zone, never spend the night alone

I got a few, you would like to bone

But, chicks don't romance me, don't tickle my fancy

Only Tiffany, Nancy; that's not what my plans be

I need a girl that could stand me, raise me a family

Go to trips at the Lancy, trip to the Grammy's cause

Most of these girls be confusing me

I don't know if they really love me or they using me

maybe is the money, or maybe you ain't used to me

Cause you was depressed and now you abusing me

That's why I need a girl that be true to me

Know bout the game, and know how to do to me

Without a girl on my side, shit I ruin me

Forget the word, it's just you and me Now let's ride [Chorus]

I need a girl to ride, ride, ride

I need a girl to be my wife

I need a girl who's mine all mine

I need a girl in my life

I need a girl to ride, ride, ride

I need a girl to be my wife

Nobody else 'cause she's all mine

I need a girl in my life Yo, now I have had a lot of women in my lifetime

But see it's not a lot of women that got the right mind

I done had pretty chicks with all the right features

And hood rat chicks that only rock sneakers

Cell phones and beepers, and know how to treat ya

You break her heart, she'll walk out and leave ya

I find a girl, I'ma keep her

'cause now I'm getting money and the game getting deeper

I want some real shit, I need somebody I can chill with

I need somebody I can build with

I need somebody I can hold tight

With the time and no full limits, no right

Anytime we together would feel so right
You the girl I been looking for my whole life
God bless me, I'm glad I got the insight
because of you girl, now I understand life I need a girl I need a girl to ride, ride, ride
I need a girl to be my wife
I need a girl who's mine all mine
I need a girl in my life
I need a girl to ride, ride, ride
I need a girl to be my wife
Nobody else 'cause she's all mine
I need a girl in my life I had a girl that would've died for me
Didn't appreciate her so I made her cry for me
Every night she had tears in her eyes for me
Caught a case, shorty took the whole ride for me
First we were friends then became lovers
You was more than my girl, we was like brothers
All night we would play fight under covers
Now you gone, can't love you like I really want to
But every time I think about your pretty smile
And how we used to drive the whole city wild
Damn I wish you would've had my child
A pretty little girl wit Diddy's style
This shit is wild
All damn days that I reminisce
About the way I use to kiss them pretty lips
But as long as you happy, I'ma tell you this
I love you girl and you're the one that I will always miss
I love you, yeah [Repeat: x4]
I need a girl to ride, ride, ride
I need a girl to be my wife
I need a girl who's mine all mine
I need a girl in my life
I need a girl to ride, ride, ride
I need a girl to be my wife
Nobody else 'cause she's all mine
I need a girl in my life I just want you to be my baby
I just need you to be my baby
I just want to be my baby
I just need you to be my baby
