

# Secret Island

Rie fu

Coast to coast, face to face, feel the air you'll embrace  
By the sea, in the glowing sunset  
Back to face, door to door, you're the one I adore  
Suddenly, there it is, all the confidence I will find, I will find, I will find my way,  
We will be, we will be, we'll be on our way  
Over there, we're standing on  
This is our secret island Coast to coast, line to line, like a sweet child of mine  
I will ride every phrase with delight  
Day to day, work and play, till' our hairs will turn gray  
Nothing more can make me happy I will find, I will find, I will find my way,  
We will be, we will be, we'll be on our way  
Over there, we're standing on  
This is our secret island Secret island, secret island hoshi mo nani mo nagareru koto  
negau anata to ano hi ano hi umi ni ugatte  
kaze wo kitte hashi taiyou ni I will find, I will find, I will find my way,  
We will be, we will be, we'll be on our way issho ni mitsukeyo  
himitsu no island
