More Than Anyone

Gavin DeGraw

You need a friend I'll be around Don't let this end Before I see you again What can I say to convince you To change your mind for me? I'm going to love you more then anyone I'm going to hold you closer then before And when I kiss your soul, your body'll be free I'll be there for you anytime I'm going to love you more than anyone Look in my eyes, what do you see? Not just the color Look inside of meTell me all you need and I will try I will try I'm going to love you more than anyone I'm going to hold you closer than before And when I kiss your soul, your body'll be free I'll be free for you anytime I'm going to love you more than anyone Free for you, whenever you need We'll be free together, baby Free together, babyI'm going to love you more than anyone I'm going to hold you closer than before And when I kiss your soul, your body'll be free I'll be free for you anytime I'm going to love you more than anyone
