Misfit Anthem (feat. Riley Clemmons)

Social Club Misfits

I'm watching stars on my roof flying by
Wondering who am I
My hoodie on it's getting cold outside
Let's make a bonfire and sing the songs of grace that light the sky up
[???] would light the night up
I'm wondering how we made it this far it's just crazy to me
The wretch from amazing grace somehow you still love me
You still love me
A work in progress and I'm far from finished
You made a way for me you gave me life a new beginning
When I thought that it was ending
This that song I play when there's turbulence shaking on the plane
Tell my wife that imma be okay
If God is for me I won't be afraid
I go wherever I don't need a name
My past is gone I don't see the shame
Love is won I can't see the pain
They don't know how I could be this way
Looking at my life I don't even know how we made it this far
The beautiful [?] you [?] on the wall to my place in my place we were scarred
This the song for a new generation
The King of Kings and the Lord of Lords
His name is Jesus forever we're singing
Nightmares of them nights I had to stay awake
Felt so out of place
I felt so far from grace
I remember all the tears I put on Mama's face
I remember Papa say just finish up the race
I'm a father now so when I look back
All the times that he was there when I look back
Footprints in the sand played [?] what it looks like
Laid it all down for a wretch and the crook life
It's amazing, so amazing all the things I went through
And the only reason I made this cause my parent's prayers
Cause you know that my layers deeper than I would
And I knew that I could make it had to push and press on
I stay on tour like a beacon of light
For the kids that are lost help them come home tonight
I shine bright so the world can see

How the Lord shed his blood for me
Oh I can see it now
Oh I can see the love in your eyes
Laying yourself down
Raising up the broken to life
