Who Is She 2 U (remix)

Brandy

C'mon, c'mon
Get on down
Get on down
Get down
What we 'bout to do is just
Just, just get on down
Brandy, fricky er
Don't even think about callin' me crazy
You know you peeped that lady, yeah
And when I turned and look at you, you tried
To play it off but I can tell that you two were friends
She was just too nervous
She was lookin' like she was hurt
Like the memory had surfaced
It kinda got her pissed
I'm kinda wonderin' myself and your really no help me
How you two know each other so well
'Cause I wanna know now
You better start talkin'
Who is she 2 U, don't lie to me
Who is she 2 U, my eyes can see
Something's going on between you two
I think you better let me know, that's fa' sho'
Who is she 2 U, don't lie to me
Who is she 2 U, my eyes can see
Something's going on between you two
I think you better let me know, that's fa' sho'
No matter how hard you try you can't hide it
There's no way you can deny it, oh no no
Then you wanna flip and call me insecure
I'm only buggin' because you are so suspicious
Then ya say I don't trust ya
Can't understand why I would cuss ya
And come off so demandin'
But baby I can be, yeah
Now tell me why did you not say
You're wrong in the first place
For lookin' too hard over that way
And you better tell me what the deal is, oh

Who is she 2 U, don't lie to me
Who is she 2 U, my eyes can see
Something's going on between you two
I think you better let me know, that's fa' sho'

Who is she 2 U, don't lie to me
Who is she 2 U, my eyes can see
Something's going on between you two
I think you better let me know, that's fa sho
Damn right I wanna know her name
Tell me how you know her baby
Why did she make that face
You were so ashamed
What are you not saying boy
I'm really not playin' boy
Gotta know right now
You better start explainin' boy
Who is she 2 U, don't lie to me
Who is she 2 U, my eyes can see
Something's going on between you two
I think you better let me know, that's fa' sho'
Who is she 2 U, don't lie to me
Who is she 2 U, my eyes can see
Something's going on between you two
I think you better let me know, that's fa' sho'
Who is she 2 U, don't lie to me
Who is she 2 U, my eyes can see
Something's going on between you two
I think you better let me know, that's fa' sho'
Who is she 2 U, don't lie to me
Who is she 2 U, my eyes can see
Something's going on between you two
I think you better let me know, that's fa' sho'
Get on down
Get on down, c'mon
