

# World Full of Nothing

## Depeche Mode

Close  
Naked  
Skin on skin  
Tears are falling  
Tears of joy  
Her first boy  
His first girl  
Makes a change In a world full of nothing  
Though it's not love  
It means something She's lonely  
And he says  
It's for her only  
That he lusts  
She doesn't trust him  
Nothing is true  
But he will do In a world full of nothing  
Though it's not love  
It means something It's not easy to slip away  
And believe it all Though it's not love  
It means something
