

# Dirty Pictures

## Die Toten Hosen

I wanna take some dirty pictures of you  
I wanna take some dirty pictures of you As I'm peering through the shutter, I can feel my heart a flutter  
And the lens is getting steamy  
As the room is getting seamy  
Watch out for my reflex as I'm giving you the bird Dirty pictures turn me on  
They give me strictures but I have to keep on  
Taking pictures, dirty pictures  
I get my kicks up in the attic from a Kodak instamatic I wanna take some dirty pictures of you  
The dirtier the better, only filthy will do  
As I rig up my umbrellas and the props are getting hotter  
The actions getting frantic as you going through your antics Head up, leg up, chest out  
Can you what? Don't be absurd Dirty pictures turn me on  
They give me strictures but I have to keep on  
Taking pictures, dirty pictures  
I get my kicks up in the attic from Kodak instamatic Dirty, dirty, dirty, dirty pictures Dirty pictures turn me on  
They give me strictures but I have to keep on  
Taking pictures, dirty pictures  
They give me strictures but I have to keep on Taking pictures, dirty pictures  
They give me strictures but I have to keep on  
Taking pictures, dirty pictures  
I get my kicks up in the attic Dirty pictures
