Eyes Never Lie

Smosh

These eyes, never lie
Give it to me (Give it to me)
Give it to me (Give it to me)
Give it to me (Give it to me)
Give it to me (Give it to me)No time, to say good bye (So come on)
Give it to me (Give it to me)
Give it to me (Give it to me)
Give it to me (Give it to me)
Give it to me (Give it to me)Yo, people say that I shouldn't be chasing papers
The ones who say it claim they ain't movers and shakers
I mean, I feel the principle, but back to reality
What's the point of me workin' if I can't feed my family
Strategy, I got none and that's abundantly clear
So I take pride to be the new pioneer
And I'm livin' moment to moment hopin' someone will notice
Then go back for my folks and everybody support us
Bought us a couple minutes cause' they knew that we finished
We winners, we had it in us ever since we beginners
Visions of getting money, that's the new frontier
But I ain't gettin' no money, I'm making income hereThese eyes, (Gotta know) never lie
Give it to me (Give it to me)
Give it to me (Give it to me)
Give it to me (Give it to me)
Give it to me (Give it to me)No time, to say good bye (So come on)
Give it to me (Give it to me)
Give it to me (Give it to me)
Give it to me (Give it to me)
Give it to me (Give it to me)How'd I make mistakes, I apologize
Got my hands dirty, chasin' devil's pie
Through the ups and downs I learned to realize
Don't ever take for granted people close in your life
I'm broke in my pockets but love I got plenty
Blessed with good people, you couldn't pop a pennies
We in this thing together, no weather's gonna' stop this
Trains left their station and breakin's not an option
Times gettin' difficult cause' people tryin' to cross me
Whisper this and that behind my back and let me softly
But my skin's thick, that nonsense doesn't hurt
I'm bout' to be major before I leave earth (Earth)These eyes, never lie

Give it to me (Give it to me)
Give it to me (Give it to me)
Give it to me (Give it to me)
Give it to me (Give it to me)No time, (Let me know) to say good bye
Give it to me (Give it to me)
Give it to me (Give it to me)
Give it to me (Give it to me, so clean)
Give it to me (Give it to me)New suit (Right), clean shoes (Right)
Make sure my tie is right and my fade is tight
It's been a long time comin' from rags that feel drummin'
Different stokes introducing Asian folks
Blues I'm still hummin', birds I'm still wantin'
Freestyle's back on the curb, I'm still bussin'
Can I get a little bitty of time (Give it to me)
You know I earned it, puttin' in work like my granddad first did
My man Catch birthed it, innovated a purpose
Power to the people no matter the surface
When we rise together you gonna' say it's worth it
And if time is money, I got seconds to earn it
Without you, there's nothin' like an empty bucket
Without you, I'd say bucket? (Who that?)
You was the fans, the homies and fam'
I wouldn't lose you for nothing, love (Love)These eyes (Gotta know), never lie
Give it to me (Give it to me)
Give it to me (Give it to me)
Give it to me (Give it to me)
Give it to me (Give it to me)No time, (Let me know) to say good bye (So come on)
Give it to me (Give it to me)
Give it to me (Give it to me)
Give it to me (Give it to me)
Give it to me (Give it to me)
