

Born On A Horse

[Biffy Clyro](#)

I pronounce it aluminium
'cause there's an I next to the U and M
Now write it down slowly
And read it out fast Shes got eyes
Propostrious eyes
I've never had a lover who's my sister or my brother before I've been counting on the wrong things
To make life feel alright
You can be
My icy queen
'till the end of time
You can have it all
You're stuck in the middle
Reason one and all
I was born on a horse that's all I like to think I'm just a thoroughbred
Open name with no horses flesh
We're galloping slowly
Through this broken glass
Shes got hoofs
Proposterious hoofs
I've never had a lover who's my sister or my brother before I've been counting on the wrong things
To make life feel alright
You can be my icy queen till the end of time
You can have it all
You're stuck in the middle
Reason one and all
I was born on a horse that's all You can have it all
You're stuck in the middle
Reason one and all
I was born on a horse that's all
