## Unjust

please walk away,  
stay gone out the picture  
drain, all of me  
young hearts, exploitation  
loosen the tie go and fly through the picture pure suffering  
way lost dying nation  
leave, wide open laughter  
wicked stations shame  
fly away  
monster lost meanings shame fly away  
monster empty fiction i can feel the pain rising  
dying minds to find
