One More Time

Diesel

I've often thought of love
As something sent from above
Like a dream that's in my head
I sit and think of what you've said
Though we've reached the end of the line
I'd love to see you more time
I want to hold you in my arms
And whisper sweet things in your ear
Try and fill this empty space
That I've been living in for years
What's mine is your and yours is mine
I'd love to see you one more time
Baby this is from my heart
I don't know why we fell apart
I guess somehow there's been a trade
In all the promises we've made
There'd be roses and wine
If I could see you one more time
I'd love to see you one more time
One more time before you leave
Maybe then you'd understand
Just how much that I believe
I believe that you'd be mind
If I could see you one more time
I know for sure that you'd be mine
I'd love to see you one more time
There'd be roses and wine
I'd love to see you one more time
