In the End

Drake Bell

Wake up
It's time to get your things together
And drive away
Breathe out
You feel today it treats you better
That's what they sayAnother day
Gone without a sound
But it's okay
If you turn around
And feel the memories bringin' you downAnd in the end
Are you stronger
Do you no longer
Need to recover
And where have you been
Since it's been over
Over my shoulder
Under my skin
Will you ever return again...Wake up
The monsters in your head have left you
all to your self
It's alright the
fuggly little things around you of how it feltAnother day
No one tells you what it means
what's in your way
poison in your dreams
the darkest place that you've ever beenAnd in the end
Are you stronger
Do you no longer
Need to recover
And where have you been
Since it's been over
Over my shoulder
Under my skin
Will you ever return again...[guitar lick]And in the end
Are you stronger
Do you no longer
Need to recover
And where have you been
Since it's been over

Over my shoulder
Under my skin
Will you ever return again...
