

# Sky Falls In

## Metal Church

Time is taking it's sweet time  
The clock is ticking and I'm going to lose my mind  
So tell me, tell me how it feels  
Whispering the everlasting mystery deal  
Now if you really feel it's true  
There's nothing you can ever say or ever do  
Moving on with endless days  
Leaving space along the way of emptiness  
Pushing through these walls of mine  
Hoping that somehow I'll find the present tense  
Please before the sky falls in  
With the devil on my back  
My angels planning their attack  
They're close behind  
While you tell me how to feel  
Do I spend the rest of my life trying to deal  
Now if you really think it's true  
There's nothing you can ever say or ever do  
Moving on with endless days  
Leaving space along the way of emptiness  
Pushing through these walls of mine  
Hoping that somehow I'll find the present tense  
Please before the sky falls in  
Solo  
Moving on with endless days  
Leaving space along the way of emptiness  
Pushing through these walls of mine  
Hoping that somehow I'll find the present tense  
Moving on with endless days  
Leaving space along the way of emptiness  
Pushing through these walls of mine  
Hoping that somehow I'll find the present tense  
Please before the sky falls in...  
Along the way  
Along the way  
Along the way  
Along the way
