

# Slummin' in Paradise

## Mandy Moore

I'm a long way off  
But I'm still around  
Sitting on the couch  
I'm watching you  
And if I take my time  
All the others give in  
You feel like you're standing in line  
Oh no, no, no I just know that you're worth the wait  
It's of no concern  
It's a risk I'd gladly take  
From time to time[Chorus:]  
Don't worry about yourself at all  
I'll hang your work up on my wall  
Hose you down and dress you up real nice  
With some brand new plans and a fancy car  
Try to place your superstar  
'Cause you can tell the story of your life  
Without slummin' in paradiseI wonder how you feel  
Or do I?  
Standing on the corner  
How's your view?  
From the other side  
Oh, Mr. Right  
Its not a pretty sight alone[Chorus]You won't often see this letter  
Handed over right away  
I know the first time I found you wonderful[Chorus]Without slummin'  
Slummin' in paradise  
Slummin' in paradise
