This Time

Depswa

I don't want to hurt you and don't know why
Though I know it's not like me
I cannot help it, though I try to keep you awayAnd all this time I thought I knew who you were
But this time all your words were just lies for demise
And your thoughts are found unpureSo when push comes to shove I found reasons
To not work it out or relate
And get off on the fear that I get when your near
And the problems that I createThis time, I think you'll finally see
This time, I will not break
This time, I'm smart enough to know
There is only so much I'll takeThis time, I'm gonna make a change
This time, you're in my way
This time, I will not play the same
Head trip on me game that you playThese unresolved situations escalate
Inside something brings me to push you
To find out what you can takeWhen we run out of love and change seasons
With our lives together at stake
I'm aware of the tears that I give when your near
And the confusion that I makeThis time, I think you'll finally see
This time, I will not break
This time, I'm smart enough to know
There is only so much I'll takeThis time, I'm gonna make a change
This time, you're in my way
This time, I will not play the same
Head trip on me game that you playI want to hurt you and don't know why
I cannot help it, though I try to keep you awayThis time, I think you'll finally see
This time, I will not break
This time, I'm smart enough to know
There is only so much I'll takeThis time, I'm gonna make a change
This time, you're in my way
This time, I will not play the same
Head trip on me game that you playI don't want to hurt you
I don't want to lie
I don't want to hurt you
I don't want to lie
