

Gun-Shy Sunshine

Silversun Pickups

Faith and praise keep lock away
Sentimental thoughts can stay
I suppose I made mistakes
Carry on so I can relate
With your gun-shy sunshine
With my headstrong highlights Brace yourself for old remains
Later on I will behave
Made a home for few to stay
Rest assured well be okay
With your gun-shy sunshine
With my headstrong highlights
With our hands drawn, nice try
Hands drawn, nice try
(You don't understand)
Hands drawn, nice try
(My turn man) Pretend you care to remember
Pretend you care to remember
Remember where to resemble me With your gun-shy sunshine
With my headstrong highlight
With our hands drawn, nice try
Hands drawn, nice try
(You don't understand)
Hands drawn, nice try
(My turn man)
