Tiny Dancer

Jerry Cortez

Here's a song
Here's a little punk rock song for you
A little punk rock called
I think it was written by the Ramones
In the early 70's
Maybe before they started
You know, when it was really hard core back in the old days
Remember?
Flea
I could have sworn this was the Dead Kennedy's
No, no, no, no, no
I think it was Sham 69
No, this is the Buzzcocks
You idiot, you worthless peon
Don't you know this is one of the
It must have been, um
The Sex Pistols
No, this is non, non, non
Hey, it was the Church or the Weirdoz maybe
Hold me closer tiny dancer
I count the headlights on the highway
Lay me down in sheets of linen
You've had a busy day today, woah
Hold me closer tiny dancer
Count the headlights on the highway
Lay me down in sheets of linen
You've had a busy day today, woah
