

# Sensations (Whethan Remix)

## Elohim

[Verse 1]

It's pretty nice

Pretty nice

When I'm overwhelmed

The bitter taste

Bitter taste

Mixed with our chemicals[Pre-Chorus]

I kinda like, kinda like

How it gives me chills, me chills

I kinda like, kinda like

How it gives you chills, you chills[Chorus]

We get sensations on the carpet

In the middle of your apartment

And there's no reason for me to hide it

I wanna love you until we die, until we...

(Yeah, these sensations are so sensational)[Verse 2]

You're under me

Under me

And I'm sinking in

Never leave

Never leave

I don't want this to end[Pre-Chorus]

I kinda like, kinda like

How it gives me chills, me chills

I kinda like, kinda like

How it gives you chills, you chills[Chorus]

We get sensations on the carpet

In the middle of your apartment

And there's no reason for me to hide it

I wanna love you until we die, until we...

(Yeah, these sensations are so sensational)[Bridge]

Slow it down, speed it up

That's the way we like to love

Slow it down, speed it up

That's the way we like to love[Chorus]

We get sensations on the carpet

In the middle of your apartment

And there's no reason for me to hide it

I wanna love you until we die

We get sensations on the carpet  
In the middle of your apartment  
And there's no reason for me to hide it  
I wanna love you until we die, until we...  
(Yeah, these sensations are so sensational)  
(Yeah, these sensations are so sensational)
