

Shit's Fucked

The Copyrights

Shit sucks but what can you do
Around here, it's just me and you
Shit's fucked but what can you do, around here
Not a place where I wanna grow old
Two hearts in a town with no soul
Don't think I wanna tempt fate
In the blood red part of a blue state
Full of corn-fed apathy and false pride
Flat, flat land with nowhere to hide
I'm just glad you're on my side
I'm so happy you're on my side
