Unity

The O'Jays

Unity, we must have unity
Cause united we stand
Divided we fallThey played a game
Of divide and conquer
Ever since the word began
Tried their best too
Separable the people so
We couldn't understand
Come together and
Show our force
Now's the time for all
The people to speak with one voice
I'm talkin' bout
Unity, we must have unity
Cause united we stand
Divided we fallNow's the time to
Follow the leader
And give our full support
Listen to the words
Of the faithful teacher
Let's put on end to hate and war
Now's the time to come together
And make a stand
Now's the time for us to
Bring peace and love
All over the land
I'm talkin'boutUnity, we must have unity
Cause united we stand
Divided we fall
We got to come together, get up, get up, get up
We got to come together, get up, yeahh, yeahh, we need
Come together, we need, right now, right nowI want to talk, to all the people
Listening to my voice
We got to make our own decision
We got to make our own choice
Now's the time to come together
And clean up the world, right now, right now
Now's the time to make
If safe for little boys

And little girlsUnity, we must have unity
Cause united we stand
Divided we fallWe got to come together, get up, get up, get up
We got to come together, get up, yeahh, yeahh, we need
Come together, we need, right now, right now
