Fire of Love

Inkubus Sukkubus

Gather every nature child
Gather all and merry me
For tonight let us be wild
And tonight let us be free!Dance, dance in the Fire of Love
Dance, dance in the Fire of LoveUnderneath this endless sky
We will dance till eternity
Raise your arms with a primal cry
For tonight we shall be free6xDance, dance in the Fire of LoveWe are the Wild Ones
Children ever free
We have the Spirit
Within both you and me
We are the Wild Ones
Children ever free
We have the Spirit
Within both you and me
We are the Wild Ones
Children ever free
We have the Spirit
Within both you and me6xDance, dance in the Fire of LoveQueen of the Moon
Queen of the Night
Be with us round the fire tonight
