

Dick In Dixie

Hank Williams III

Well, some say, I'm not country
And that's just fine with me
'Cause I don't wanna be country
With some faggot looking over at meThey say that I'm ill-mannered
That I'm gonna self-destruct
But if you know what I'm thinkin'
You'll know that pop country really sucksSo I'm here to put the dick in Dixie
And the cunt back in country
'Cause the kind of country, I hear now days
Is a bunch of fuckin' shit to meThey say that I'm ill-mannered
that I'm gonna self-destruct
But if you know what I'm thinkin'
You'll know that pop country really sucksWell, we're losing all the outlaws
That had to stand their ground
And they're being replaced by these kids
From a manufactured townAnd they don't have no idea
About sorrow and woe
'Cause they're all just too damn busy
Kissin' ass on Music RowSo I'm here to put the dick in Dixie
And the cunt back in country
'Cause the kind of country, I hear nowadays
Is a bunch of fuckin' shit to meAnd they say that I'm ill-mannered
That I'm gonna self-destruct
But if you know what I'm thinkin'
You'll know that pop country really sucksAnd if you know what I'm thinkin'
You'll know that pop country really sucks
