Liberate

Superheist

RiseYou're trembling again
Still wonder why and when
Coming down seems so hardRise
If you'd only rise
Liberate and rise
Living is a dream that I can overrideKill me tonight so it feels right
The lesson, the lesson is
Between the lines, it comes in time
It's so hard, it's so hardYou fail to understand
You're trying to pretend
I find believing so hardRise
If you'd only rise
Liberate and rise
Living is a dream that I can overrideKill me tonight so it feels right
The lesson, the lesson is
Between the lines, it comes in time
It's so hard, it's so hardBreathe in time
Synchronizing all mankind
Kill me tonight so it feels right
Between the lines, it comes in timeKill me tonight so it feels right
The lesson, the lesson is
Between the lines, it comes in time
It's so hard, it's so hard
Rise
