

No Fate Awaits Me (Audio) ft. Faux Fix

Son Lux

If every dream
Awakes to me
Awakes to you
If every clock
Turns back to me
Turns back to you
So what fate awaits
without you
without you ?
So what fate awaits
without you
without you ?
So what fate awaits me
If every road
Comes back to me
Comes back to you
If every road
Comes back to you
Come back to me
So no fate awaits me
without you, without you
So no other fate awaits you [me]
Without me [you], without me [you]
