

# Since I Seen't You

[Anthony Hamilton](#)

You're 'bout the fliest thing that life could ever bring  
Like fresh air to me the blood I bleed sent to me  
And I want, want to build with you[Chorus]  
Since I seen't you, we've been peoples, you're my equal  
This love is see through I want to Keep you  
I want to be with you You're like the softest cloud a virgin in my eye  
An angel just my size  
Wish that I could fall in love with you again  
And I want to build with you Since I seen't you, we've been peoples, you're my equal  
This love is see through I want to Keep you  
I want to be with you Your conversation is liberating, when we're relating it's a vacation.  
Like recreation, I want my way with you Ever since the day you walked into my life  
I've never been the same then and not again  
I hope and pray to God that you stay awhile  
With me and [Chorus: x2]
