

Chinese Bombs

Blur

He makes, an inner arm, block
Then kicks it, behind
The lights, would go off
But he can fight, blind
'Cos he got the, touch
And he won't live long
He comes from Hong Kong
Where justice is dumb
Chinese bombs, millions jump
Chairman's junk, USA
Won't somebody, won't somebody?
Sink the place

Got a call, to go to Soho
The Dragon said, "Go
Let everyone know
That you got the touch
You come from Hong Kong
Where justice is dumb
Where people are strong
But you won't live long"
Chinese bombs, millions jump
Chairman's junk, USA
Bruce Lee come, save the day
Bruce Lee comes, the Chinese way
