

# Joyous Sound

[Van Morrison](#)

How sweet that joyous sound  
Whenever we meet, whenever we meet  
How sweet that joyous sound  
Whenever we meet again I think you know it well  
Whenever we meet, whenever we meet  
I think you know it well  
Whenever we meet again Just let it in and let it out, yeah alright  
And you will begin to know without a doubt That grace will follow us  
Wherever we go, wherever we go  
That grace will follow us  
Until we meet again, hey Just let it in and let it out, yeah alright  
And you will begin to know without a doubt That grace will follow us  
Wherever we go, wherever we go  
That grace will follow us  
Until we meet again How sweet that joyous sound  
Whenever we meet, whenever we meet  
How sweet that joyous sound  
Whenever we meet again Oh! Whenever we meet  
Whenever we meet  
Whenever we meet again Oh! Whenever we meet  
Whenever we meet  
Whenever we meet again Oh! Whenever we meet  
Whenever we meet  
Whenever we meet again
