

# Unaffected

## Hoobastank

There never seems to be because what I believe  
A moment I'm not tryin'  
To show them who I am, why can't they understand  
The things that they're denying, they're denying? So what should I do? Just lay next to you  
As though I'm unaffected?  
And who should I be when they're judging me  
As though I'm unaffected? A chance they'd never give to ever want to live  
The life that I am made of  
There's nothing left to prove  
My heart's forever true, what is it they're afraid of, afraid of? So what should I do? Just lay next to you  
As though I'm unaffected?  
And who should I be when they're judging me  
As though I'm unaffected? Before they even saw my face  
They knew that I was not the same  
And decided I was not the one for you, for you So what should I do?  
I'm not unaffected  
And who should I be?  
I'm not unaffected So what should I do? Just lay next to you  
As though I'm unaffected?  
And who should I be when they're judging me  
As though I'm unaffected? Unaffected, unaffected  
Unaffected, unaffected
