Long Way From

Tamar-kali

Aimed low â€˜cause all my heroes were unsung

Iâ€™m on the bottom now...

I ainâ€™t done, I ainâ€™t done, I ainâ€™t done son

Gonna claw me out.

I seen the worst but you ainâ€™t seen the best of me yet,

gonna show you now

Shine hot like the sun, all the pain Iâ€™m gonna burn it

out. Burn it out.

Itâ€™s a long way home from here. Yes, a long way home

from here.

Itâ€™s a long way home from here, lord a long way home

from here yet-

Iâ€™m gonna fly right out this misery thereâ€™s got to be a

way Iâ€™ll find

And I know itâ€™s gonna take all of me every part of me

to make it right

This road is lonely, twist and turns sometimes I

swear it feels just like a maze.

But I canâ€™t quit gonna be standinâ€™ tall youâ€™ll see at

the end of days

Itâ€™s a long way home from here. Yes, a long way home

from here.

Itâ€™s a long way home from here, lord a long way home

from here

itâ€™s a long way home

itâ€™s a long way home, from here
