

# Sense of Insanity

## Blackfield

Mother, have you seen the world today?  
The shooting all over town  
Are you senile? I'm not the one you prayed for  
It doesn't matter, I'm still alive I was walking on the clouds  
You've got to be brave if you want to have crowds  
Dreams guide me to the mountain  
I was standing like a priest with his ancient Bible  
I was preaching the sense of insanity  
Brothers, let's get out to the streets  
Sure there's something you want to say  
They won't hear you like they never did  
All your heroes ran away  
I was walking on the clouds  
You've got to be brave if you want to have crowds  
Dreams guide me to the mountain  
I was standing like a priest with his ancient Bible  
I was preaching the sense of insanity Dreams guide me to the mountain  
I was standing like a priest with his ancient Bible  
I was preaching the sense of insanity
