## Flipsyde

It ain't for everybody  
(Uhh)  
Welcome to Hollywood, baby  
(Take a picture)  
Uh huh, you coming with?  
(Let's not even talk about it)  
Let's do it  
(Let's go)  
I see your jealousy as you watching  
You watching  
It's kinda sexy to me how you watching  
You watching  
I see your face  
(I see your face)  
You wanna touch it  
(You wanna touch it)  
Come to my place  
(Come to my place)  
And let's discuss it  
(Let's chop it up)  
Tonight you'll be a superstar  
Come let me sign you up  
(Let's get into it)  
Ooh, it's the lights  
(You blinded by the)  
Action  
(You need that)  
Hollywood  
Ooh it's the lights  
(You blinded by the)  
Satisfaction  
(You need that)  
Hollywood  
You gots to get it  
Oh, oh, oh, oh, oh, oh, oh  
Do you want it?  
Oh, oh, oh, oh, oh, oh, oh  
But you don't need it  
Oh, oh, oh, oh, oh, oh, oh

Until you do  
Oh, oh, oh  
Until you do  
Oh, oh, oh  
Hey  
I see your face  
(I see your face)  
You wanna touch it  
(You wanna touch it)  
Come to my place  
(Come to my place)  
And let's discuss it  
(Let's chop it up)  
Tonight you'll be a superstar  
Come let me sign you up

Ooh it's the lights  
(You blinded by the)  
Action  
(You need that)  
Hollywood  
Ooh it's the lights  
(You blinded by the)  
Satisfaction  
(You need that)  
Hollywood  
You hear em screamin'  
Oh, oh, oh, oh, oh, oh, oh, oh  
Cameras rollin  
Oh, oh, oh, oh, oh, oh, oh, oh  
You so addicted  
Oh, oh, oh, oh, oh, oh, oh, oh  
Like Hollywood  
Oh, oh, oh  
Ain't nothin' like Hollywood  
Oh, oh, oh  
Hey

And everybody's warning you about it  
And once you taste you can't live without it  
Not 'cause you choose to not live without it  
It's now a part of you  
(It's now a part of you)  
And everybody warning you about it  
And once you taste you can't live  
Ooh, it's the lights

(It's the lights)  
Action  
(Action)  
Hollywood  
(Hollywood)  
Ooh, it's the lights  
(Satisfaction)  
Satisfaction  
(So addictive)  
(Hey)  
Hollywood  
(Hollywood)  
Now you wanna be seen, male groupies  
Now you've become what you once despised  
James Dean, John Beluchi  
Blow your whole life, tryna live in the lights  
Heroin's followin', Marilyn, hoppin' over the edge  
Just like Janice Joplin, river Phoenix,  
Jimi Hendrix, Jimmy Morrison  
All of them ended by Hollywood  
I see your face and a  
You wanna touch it and  
Come to my place and  
We can discuss it, Hollywood  
Welcome to Hollywood
