Cohiba

Man Mantis

[Foreign content]I'm a boss so I hit her with the little head game
I can tell she like to taste sweet things
First thing I met her for sense a switch go
Damn I been gone too longShe know what the business was
I told her to get at it, took the lead promo static
Puerto Rican mix sweet tone
Only promise she was with this cat standing 6'4"She said I ride my own, check, go away, check
Don't worry 'bout it, your just another pay, check
She said I ain't gotta ask anything I want yet
I said what that's called when you move it like thatShe kept reiterating she had a thing for sex
A man and another man she tried, yet
So I pulled back put it up another drink
She like tell me what you think, gotta just take another puffShe wanna smoke cohiba
You gotta work for that, gotta work for that
Can I smoke your cohiba
You gotta work for that, gotta work for thatShe wanna smoke my cohiba
You gotta work for that, gotta work for that
Can I smoke your cohiba
You gotta work for that, gotta work for thatShe told me not to think how could I hesitate
Who would love the chance just to give it to me
I knew it, the things I would do to her
But I keep thinking me him and herBut the obvious told me believe her
Heard that she giving me the fever
Slow up ma and kick back
While I think about what I'm gon' do with thatShe said I ride my own, check, go away, check
Don't worry about it, your just another pay, check
She said I ain't gotta ask anything I want yet
I said what that's called when you move it like thatShe kept reiterating, she had a thing for
A man and another man she tried
So I pulled back put it up another drink
She like tell me what you think, got to just take another puffShe wanna smoke cohiba
You gotta work for that, gotta work for that
Can I smoke your cohiba
You gotta work for that, gotta work for thatShe wanna smoke my cohiba
You gotta work for that, gotta work for that
Can I smoke your cohiba
You gotta work for that, gotta work for that[Foreign content]You wanna smoke my, smoke my, who else but good crack now
Want a made back with a hat down

Got money and we don't know how to act now
All talk puff this 'til we pass outMan he so crazy and he my baby
And he gon' pay me now
He sound crazy 'cause he ain't got paying
And you ain't staying nowCash talk with a project
Fat in a palm and it got knocked
'Cause she palm from the Bronx with the hardest lift
Yeah, definitely for the sonic kickShe wanna smoke cohiba
You gotta work for that, gotta work for that
Can I smoke your cohiba
You gotta work for that, gotta work for thatShe wanna smoke my cohiba
You gotta work for that, gotta work for that
Can I smoke your cohiba
You gotta work for that, gotta work for that
