Moonlight (Acoustic Version) [Bonus Track]

Thriving Ivory

We're gonna run
Til the past
Has lost our trace
We're gonna carry on
Like a vagabond
Still looking for his place
We're gonna fly
On a white wind
Through a blue sky
Til we're dancing in the moonlightWe're gonna let go
And let ourselves
Be found
We're gonna set fire
Til we grow tired
And burn our sorrows to the ground
I'm gonna take your hand
Till you see through yourself
And back again
We'll be dancing in the moonlightSee we're all looking
For something, for someone
For anything. For anyone
But I'm, I'm still looking for you
We're gonna hold our ground
Right through the bitter end
Where troubled souls and wild horses
Can run free again
We're gonna fly
On a white wind
Through a blue sky
Til we're dancing in the moonlightDancing in the moonlight
We'll be dancing in the moonlight Baby
Dancing in the moonlight
We'll be dancing in the moonlight Baby
See you and I
Are gonna walk this life
Til we're outta breath
Til we're outta sight
Honey, we're gonna fly
On a white wind

Through a blue a sky
Til we're dancing in the moonlight
Til we're dancing in the moonlight
Til we're dancing in the moonlight
