

# Coming Down

## Anders Osborne

This ain't no relapse  
It's more like a bounce  
Way up in heaven  
And back to the ground  
Keep your arms wide open, Baby  
Yeah, I'm comin' down I've got the mind of an army  
And a single man's heart  
I might look like a wild one  
But I would never, never, never stray far from you  
So keep your arms wide open, Baby  
I'm comin' down Yeah you know I talk too much  
When I've got nothin' to say  
I get deadly quiet when I really, really need your help  
Keep your arms wide open, Baby  
I'm comin' down I dig that it's something that I can't touch  
It's like a giant Abyss that I'll never, never, never fill up  
So keep your arms wide open, Baby  
I'm comin' down I'm comin' down, like a man losing grace  
I'm comin' down, falling flat on my face  
I'm comin' down like a storm through the clouds  
So keep your arms wide open, Baby  
I'm comin' down  
So keep your arms wide open, Baby  
I'm comin' down Passion - oh, Passion - running through my veins  
It sets me on fire  
Yeah, it drives me in sane  
Keep your arms wide open, Baby  
Yeah, I'm comin' down now Everything's hopeless  
You know this whole thing's in vain  
Unless I've got you baby  
To hold me again  
Keep your arms wide open  
I'm comin' down now So turn on your love light  
And please bring me home  
What's the sense of dreaming  
When you're dreaming alone  
Keep your arms wide open  
Hey - I'm comin' down  
Comin' down now I'm comin' down, like a man losing grace

I'm comin' down, falling flat on my face  
I'm comin' down like a storm through the clouds  
Keep your arms wide open, Baby  
Yeah I'm comin' down  
Keep your arms wide open, Baby  
I'm comin' down  
Comin' down
