

# In Love With A Bad Idea

Matthew Good

Line up crooked my eyes straight up at the sun  
In and out of consciousness, neither is much fun  
Show down with that head of yours and the book is 10 to 1  
Ghetto rock for Princess Sticky Magazines  
Five nights on the TV and two nights in between  
To make out in the basement with the American dream  
    Take your time  
    Take your time  
    Take your time  
    Take your time  
    Baby  
    Ain't it crazy just to want it  
    Arrogant to flaunt it since we  
    Fell in love with a bad idea  
Shine up crooked your eyes blazing like the sun  
    Make a little paradise for many to be one  
    Name it after liberty and build it running guns

Slumming it with Princess Sticky Magazines  
Five nights on the TV and for ten grand she'll agree  
To do it all on camera with the American dream  
    Take your time  
    Take your time  
    Take your time  
    Take your time  
    Baby  
    Ain't it crazy just to want it  
    Arrogant to flaunt it since we  
    Fell in love with a bad idea  
    Baby  
    Ain't it crazy just to want it  
    Arrogant to flaunt it since we  
    Fell in love with a bad idea  
Since we fell in love with a bad idea  
    Take your time  
    Take your time
