

# Virgo's Tale

## Zug Izland

Walk but don't run  
Run but don't fly  
Silent don't talk  
Talk but don't cry  
Cry but don't fear  
Fear but don't give in  
Give in but don't die (muthaf...)[Chorus]  
Now we just got one life  
Let it rain but don't cry  
Everything is alright  
Just a way of saying good byeMove but don't dance  
Dance but don't sing  
Sing but don't cry  
Breakdown and let it beJoke but don't hurt  
Hurt but don't bleed  
Bleed but don't lie  
Just let it go to sleep[Chorus]  
Now we just got one life  
Let it rain but don't cry  
Everything is alright  
Just a way of saying good byeHate but don't love  
Love but don't hate  
Smash but don't break  
Fear but not shakeFame but not greed  
Shame to succeed  
Yell but don't scream  
Filled with breaking dreamsDo we just have one life?  
Let it rain but don't cry  
Everything's alright  
It's just a way of saying good bye[Chorus 2x]  
Now we just got one life  
Let it rain but don't cry  
Everything is alright  
Just a way of saying good bye
