

# Wah Ha

[Lisa Mitchell](#)

Do do do do  
Do do do do I spend all my day trying to be ok  
But ok comes and goes  
and I feel like I'm holding  
I feel like I'm holding on a little too strong Wah Ha do do do do do  
Wah Ha do do do do do Well I'm not your average suffering girl with a pencil in her hair  
I got gifts, thank you life  
I love them, I sing for you  
Do you hear me?  
Do you see the joy dancing out my mouth? Wah Ha do do do do do do  
Wah Ha do do do do do Well here I sway tempted by the waves  
What'll it be? Dry land or open sea?  
You've got nothing to lose  
Nothing to lose Smoke stories, light and crystal vomit  
Stardust singing out like comets  
Do you feel the sun at night  
Do you see the stars in my eyes Wah Ha do do do do do  
Wah Ha do do do do do  
Wah Ha do do do do do  
Wah Ha do do do do do
