

She's a River

Simple Minds

Shadow let go
There's something you should know
I just found my new direction
And I hope you like the key
Like the air that led me to it
She's like the wind that sucked me through it
She's a river and she's turning there in front of me
Stand back, get back
She'll paint your blue skies black
She gives bullet proof protection
Got a resurrection feel
When I'm scared, and 'bout to lose
She gives me travelling shoes
She's a river and she's turning in front of me
And I go blind
Wasting my time
While the rivers in front of me
That's where I'm goin' to be
Shine on, get on
Twilight from dusk to dawn
She's the spirit of creation
She's the last chance guarantee
Got a myriad of poses
Sweet miracles and roses
She's a river and she's turning in front of me 'cause when I find
My state of mind
The river's in front of me
They say that every heaven's got a thousand rooms
So take me on that freedom ride
My heart is like a hunter's in the silent moon
My nerves just feel electrified
Meet me on the staircase
Outside a darkened room
Light me like a naked flame
The voice of mother nature states
All things must pass
And nothing can remain
They say that every heaven's got a thousand rooms
So take me on that freedom ride
You raise me like a building to the very top
Rush me to the end of time
You fill me full of danger
You give me future shock

Then you leave me wasted dying And I go blind

Wasting my time

The river's in front of me
