Tough Love

Casey James

They said weâ€™d never make it
They said weâ€™d never last
They said this love was a hurricane
That would come and go so fast
But baby, weâ€™re still standing
Weâ€™re still going strong
So take my hand, donâ€™t look back
Weâ€™re gonna prove that they were wrong

Itâ€™s just you and me
It donâ€™t matter, baby, what they say
â€˜Cause we ainâ€™t listening to them anyway
Gonna make them see
Just keep on making a stand
Gonna show them just how tough love
Show them how tough love can be

I know you get nervous
And I know you get scared
Donâ€™t you worry, baby, I ainâ€™t goinâ€™ anywhere
â€˜Cause I am strong enough to hold you close when times get bad
You are my reason for every dream I ever had

Itâ€™s just you and me
It donâ€™t matter, baby, what they say
â€˜Cause we ainâ€™t listening to them anyway
Gonna make them see
Just keep on making a stand
Gonna show them just how tough love
Show them how tough love can be

They said weâ€™d never make it
They said weâ€™d never last
They said this love was a hurricane
That would come and go so fast

But itâ€™s just you and me
And it donâ€™t matter, baby, what they say
â€˜Cause we ainâ€™t listening to them anyway
Gonna make them see

Just keep on making a stand
Gonna show them just how tough love
How tough love, how tough love can be
