WHEN I SING

NEEDTOBREATHE

Your melody is like a love letter
Now knowing everything you do
Your skin feels just like a rose petal
The remedy that gets me through
Is when I singYou're the song that I'm singing
In my moment of weakness
When I sing, baby, it's just my way
To tell you I need youSometimes it feels like you're a storm comin'
And I ain't had no rain for weeks
I'm tired of being so far away from you
You know I need you here not in my dreams
So when I singYou're the song that I'm singing
In my moment of weakness
When I sing, baby, it's just my way
To tell youI'll lead the choir of lost and found
I'm reaching up right through the clouds
With everything that makes a sound
I'm gonna sing it outWhen I sing
You're the song that I'm singing
In my moment of weakness
When I sing, baby, it's just my way
To tell you I need youSing, I sing for you, when I sing, I sing for you
When I sing, I sing for you, I sing for you
Baby it's just my way to tell you I need you
To tell you I need you
