Advisory - the following lyrics contain explicit language:

Through your terms of endearment, refer to her as a "bitch" "slut" a "whore" and a "hole." Caress her emotions. Caress her trust. Squeeze them tighter then take her soul. Polluted by the crimes of my gender, she surrenders to the sweetness. If I have to spill the water, washing your lies away. Then I'll do it... I'll do it for her.
