

Row Boat

Coal Chamber

Love is in the air
Blinding me with smoke
You are the air I breathe
When I choke Butterflies in the jar
Butterflies in the jar
Butterflies in the jar
So breathless Get out of my row boat
Get out of my row boat
Get out of my row boat
Get out of my row boat Captured my heart
Goodies in the basket
Do-do-don't let me go away
I love you, honey Insects in your kiss
Insects in your kiss
Insects in your kiss
You are my sunshine Get out of my row boat
Get out of my row boat
Get out of my row boat
Get out of my row boat Get out of my row boat
Get out of my row boat
Get out of my row boat
Get out of my row boat
Get out, get out, get out Get out, get out, get out, get out
Get out, get out, get out of my Get out, get out, get out, get out
Get out, get out, get out of my Get out of my row boat
Get out of my row boat
Get out of my row boat
Get out of my row boat Get out of my row boat
Get out of my row boat
Get out of my row boat
Get out of my row boat Get out, get out, get out
Get out of my
Get out, get out, get out
Get out of my Get out, get out, get out
Get out of my
Get out of my row boat
